#### Description:

**A critical, focused, point-of-view approach to American government, highlighting the ongoing tension between capitalism and democracy.**

Students appreciate a critical approach; *The Politics of Power* gives them something to think about and argue with, rather than just facts to memorize. The Seventh Edition applies this successful framework to examine recent political conflict over fiscal policy,

electoral demographics, health care reform, and economic inequality, among other vital issues.

Item Weight : 1.36 pounds. *THE POLITICS OF POWER* provides a lively, comprehensive, critical perspective of the American political system by highlighting how political conflicts, institutions, and processes are influenced by deep inequalities generated by the country's political economy. Building on the coverage of all of the major topics typical of an American Government course the critical analysis in this text is based on the theme that American democracy is limited by fundamental inequalities in power and economic resources. Part One: INTRODUCTION TO AMERICAN POLITICAL ECONOMY. 2. Government and the Economy. 3. The Development of American Capitalism. Part Two: POLITICAL BELIEFS AND POLITICAL PARTICIPATION. 4. The Power of Opinion.
