"The Science of Success" was a very good course to understand the common trait of successful people. Among the four major categories, I found the section on "The Power of Relationship," especially on personal branding, very interesting. The Science of Success: How Market-Based Management Built the World's Largest Private Company is a book written by Charles Koch in which he delineates his philosophy of Market Based Management (MBM). Koch, the CEO of Koch Industries, Inc., wrote it in 2007. While many similarly-titled books by other authors exist, T. Boone Pickens argues that Koch's immense personal business success lends credibility to the book's concept. The Science of Success is about the search for evidence based personal growth. It's about exploring ways to improve your decision-making, understand your mind and how psychology rules the world around you, and learn from experts and thought leaders about ways we can become better versions of ourselves.Â The #1 Evidence Based Growth Podcast on the Internet.
