Children's literature is categorized by a broad spectrum of genres. This article will explore the inner-workings of eight different genres and the children's books that best exemplify each. Children's literature is at its core an intriguing phenomenon. The concept of adults, living in a very "adult world", writing books they hope will appeal to children, who live in a world of fantasy and imagination, is fascinating. At the heart of every one of us, is the child we once were before society taught us to suppress our "childish" ways; the adult authors of children's literature have, in a sense discovered a way to rebel against a forced adulthood and the seasoned reader knows that children's books are just as much for adults as they are for children. Children's Literature and Adult Literature: Differences and Similarities. The Pleasures of Literature. 3. Teaching Children Literature. Focusing on Literary Strategies. Can Pleasure Be Taught? What Not to Teach. What to Teach. Teaching Literary Strategies. 4 | CONTINUE READING. Save to Library.

The chapter on Children's Literature as Repertoire has an interesting section (The Idyllic and the Real) which covers the pastoral idyll as "a nostalgic form of literature." I hope that every teacher of children can gain access to and read this book! It opens the entire world of children's literature far wider than "A.R. lists" and asks us to constantly question and re-think our assumptions about children and what they are or can be interested in reading. Like · see review. Jul 27, 2011 Alison rated it it was amazing. Children's literature is any literature that is enjoyed by children. More specifically, children's literature comprises those books written and published for young people who are not yet interested in adult literature or who may not possess the reading skills or developmental understandings necessary for its perusal. In addition to books, children's literature also includes magazines intended for pre-adult audiences. Any plan for the direct study of literary form, structure, and content as a means of heightening the pleasure of reading includes, at a minimum, teachers reading aloud from works of literature, and the formation of book circles where small groups of students regularly meet together to discuss books. The Pleasures of Children's Literature, Third Edition introduces and describes relevant current views in a number of disciplines, including literary theory; ideological, cultural and media studies; theories of visual culture and folklore; developmental and cognitive psychology; and pedagogical practice. Noteworthy new author team Nodelman and Reimer offer introductions to a range of relevant questions and approaches, and give readers an overview of theoretical approaches current in literary studies and related disciplines. They offer readers insight into the ways these studies and approaches Children's literature is categorized by a broad spectrum of genres. This article will explore the inner-workings of eight different genres and the children's books that best exemplify each. Children's literature is at its core an intriguing phenomenon.
