The Other Side: Fault Lines, Guerrilla Saints and the True Heart of Rock 'n' Roll

By Ruben Martinez

Verso Books. Hardback. Book Condition: new. BRAND NEW, The Other Side: Fault Lines, Guerrilla Saints and the True Heart of Rock 'n' Roll, Ruben Martinez, This collage of journalism, diary entries and verse explores the tensions within culture, politics and spirituality experienced by an author living between two worlds: specifically the First and Third World. Stories from the front line of the war in El Salvador are juxtaposed with tales of Hollywood-mythological childhood, and the history of Los Angeles, the city-stage where today many of the world's political, cultural and aesthetic battles take place - both symbolically and literally. The parade of characters ranges from Latin American revolutionaries in exile to hip-hop teens in the US inner city; the endless "changing of the guard" in a transitional generation which came too late for Che Guevara and too early for the fall of the Berlin Wall. In scenes from Mexico City, Havana, Tijuana and Los Angeles. Martinez profiles the young guerillas-turned-relief workers of the 1986 Salvadorean earthquake, devotees of an innovative Latino "rocanrol", graffiti gangs and their nightly "bombing runs", and the vibrancy of youth culture in the barrios.

The Other Side: Fault Lines, Guerrilla Saints and the True Heart of Rock 'n' Roll by Rub6n Martínez, Verso, 1992, 168 pp. \$24.95 (cloth). Martínez takes us from San Salva-dor to Mexico City to Los Angeles, with side trips to Tijuana and Havana, as he looks "for the home I've lost and found countless times over the past five years." This intense book of recollections and poetry captures the joyful and painful life of a Latino writer/witness who is never quite at home. New Chicana/Chicano Writing edited by Charles M. Tatum, University of Arizona Press, 1992, 185 pp., \$14 As a multicultural teacher educator and scholar who does engaged ethnographic work with Mexican newcomer students and families, these lines of Martínez's poem speak deeply to me. They invite me to understand anew that issues of representation, of having one's voice heard (Hear me?), are intricately linked to issues of recognition, of being seen, not as how others would perceive one to be, but as one is. To close the gap between perception and reality, Martínez calls for a coming-closer that leads to the discovery of the real self (Here, me!).Â The other side: Fault lines, guerrilla saints, and the true heart of rock "n" roll. The essay concentrates on Ruben Martinez's *The Other Side: Fault Lines, Guerrilla Saints and The True Heart of Rock 'N' Roll*, which serves as the prime example to explain a new kind of ambiguity in border expression. In a sense, the examination of such a text unveils a postmodern source through which an emerging perception of reality can be found. The author's kaleidoscopic view of culture, (im)migration and people defies conventions and traditionalisms. He, then, captures a new sense of contemporary anthropology and sociology unlike any other. A new millennium is captured i
