In addition, I am indebted to many women in the battered women's movement and in the National Coalition Against Domestic Violence who have provided particular insights into the faith issues that confront so many battered women. "Keeping the Faith" gives you Christian wisdom to help you get the care you need from the many other excellent books on this subject, but with a lens that is familiar and comforting to you. Short, simple, and effective, but absolutely should not be the last word on any of these topics.Â Recommends it for: Christian women in abusive relationships. I don't recall the book stressing the point that there's no distance in prayer, so even if you strongly believe it a sin to divorce, you can still GET OUT and continue to pray and work on the abusive relationship from a safe distance! I believe women have a moral responsibility to safeguard their children and a violent home isn't a safe environment for them.Â I feel this book has a strong American bias and only covers physical and sexual abuse.
