What is face reading? Facial characteristics can reveal a lot about a person. The art of face reading helps you to organise your first impressions of another so you can make a quick assessment of his or her character. Face reading originated in the Far East thousands of years ago and it can help you to "see" the true personalities of others. You may not be aware of it, but you have been face reading all your life. As soon as you meet someone new, you will subconsciously make a character judgement based on facial appearance. Does the person look friendly or aloof? Does he or she look tired or f Face Reading has been around for ages and has been used to make predictions about one's past, present and future. Just like palm reading, face reading takes into account subtle lines, contours and the overall appearance in order to determine the person's fate, health and personality. Face Readings have even been used by corporate companies to help determine whether an employee would be a good fit for a company.
