Danica McKellar is the author of a series of popular books focused on getting middle school-aged girls into math. This Q&A was supplied to GeekMom by Rebecca Zook. And so was born "Math Doesn't Suck," "Kiss My Math," and now "Hot X: Algebra Exposed." And every email I get from a girl who's just read one of my books, telling me how much more confidence she has in math "and in herself" is the best motivation I could ever want. Writing "Hot X" was particularly time consuming, and those emails kept me going many a late night. What unique challenges that girls face are you trying to address with this book? Girls get inundated with messages from the media telling them that "girls can" do math."
