

## 46 Pages: Thomas Paine, Common Sense, and the Turning Point to American Independence

By Scott Liell

The Perseus Books Group. Paperback. Book Condition: new. BRAND NEW, 46 Pages: Thomas Paine, Common Sense, and the Turning Point to American Independence, Scott Liell, Thomas Paine, a native of Thetford, England, arrived in America's colonies with little in the way of money, reputation, or prospects, though he did have a letter of recommendation in his pocket from Benjamin Franklin. Paine also had a passion for liberty in all its forms, and an abiding hatred of tyranny. His forceful, direct expression of those principles found voice in a pamphlet he wrote entitled *Common Sense*, which proved to be the most influential political work of the time. Ultimately, Paine's treatise provided inspiration to the second Continental Congress for the drafting of the Declaration of Independence. *46 Pages* is a dramatic look at a pivotal moment in our country's formation, a scholar's meticulous recreation of the turbulent years leading up to the Revolutionary War, retold with excitement and new insight.

### Reviews

*This book is definitely not easy to get going on reading through but extremely exciting to see. I am quite late in start reading this one, but better then never. I am pleased to explain how here is the finest book i actually have read inside my individual daily life and may be he best book for ever.*

-- Mrs. Ellie Yost II

*The best pdf i at any time read. It is one of the most remarkable ebook we have read through. You wont really feel monotony at anytime of your own time (that's what catalogs are for concerning should you check with me).*

-- Reggie Streich

Thomas Paine's pamphlet, "Common Sense." The full text can be found here. Summary: By 1776, England had imposed acts to tighten control of the American Colonies, and armed conflict had occurred in Massachusetts. The First and Second Continental Congress had met and attempted to resolve issues of tension between the colonies and Britain. The colonial army had loosely formed, under the leadership of George Washington. Common Sense and the Declaration of Independence. Common Sense: Thomas Paine and American Independence. Compare and Contrast Georges. Daily Life of Revolutionary War Soldiers: An Artifact Analysis. 1776 COMMON SENSE Thomas Paine ( February 14, 1776 ). Paine, Thomas (1737-1809) - An Englishman who came to America in 1774, he was a political philosopher who promoted change through revolution rather than reform. Common Sense (1776) - This widely-read pamphlet argued for America's immediate separation from England. It is considered by many to be the catalyst that roused public feeling and was most influential in the creation of the Declaration of Independence. INTRODUCTION PERHAPS the sentiments contained in the following pages, are not yet sufficiently fashionable to procure them general favor; a long habit of not thinking a thing wrong, gives it a superficial appearance of being right, and raises at first a formidable outcry in defence of custom. Before I purchased "46 Pages", Thomas Jefferson represented, to me, the voice of American independence. After reading this book, I see that I am wrong. Thomas Jefferson and George Washington would never have been able to persuade the "average colonial American" to break free from England. That required a man who could talk in the language of the street corner radical, who could burst the myth of American's attachment to the crown. That required Thomas Paine. Buy this book and discover why so. Read more. 19 people found this helpful. callum. 5.0 out of 5 stars Great Su
