Concerts, sports games, and political rallies can have very large crowds. When you attend one of these events, you may know only the people you came with. The Industrial Revolution in a strict sense refers to the development of industrial methods of production, the introduction of industrial machinery, and the organization of labour in new manufacturing systems. These economic changes emblemize the massive transformation of human life brought about by the creation of wage labour, capitalist competition, increased mobility, urbanization, individualism, and all the social problems they wrought: poverty, exploitation, dangerous working conditions, crime, filth, disease, and the loss of family and other traditional support networks, etc. Introduction to Sociology Copyright © 2010 by Dr. Ron J. After the Industrial Revolution, farm work was replaced by factory work. Men left their homes and became breadwinners earning money to buy many of the goods that used to be made by hand at home (or bartered for by trading one's own homemade goods with another's). Women became the supervisors of home work. Industrial Sociology: An Introduction. Original Title: Industrial Sociology- Lecture\_1. Uploaded by. Saira Amin. Description: Industrial Sociology.
