Political science is organized into several subdisciplines, each representing a major subject area of teaching and research in colleges and universities. These subdisciplines include comparative politics, American politics, international relations, political theory, public administration, public policy, and political behavior. Comparative Politics. Comparative politics involves the study of the politics of different countries. Some subdisciplines study a single country or a culturally similar group of nations, such as the countries of Southeast Asia or Latin America. Political scientists who s Thematically arranged around the interplay of contention and cooperation, A Comparative Introduction to Political Science encourages students to explore causal factors and consequences related to political phenomena to become knowledgeable and resourceful citizens of their nations and the world. Alan Smith covers how patterns of contention and cooperation—and the resulting government policies—may be affected by such factors as the surrounding political framework, the distribution of influence, and political motivation, including values as well as material interests. To expose students to the p... Out of print. Comparative Introduction to Political Science, A. Robert J. Jackson, University of Redlands. Doreen Jackson, University of Redlands.Â Offering a global perspective of political science, this thoughtfully executed book presents the concepts, frameworks, and interpretative tools for understanding the diverse range of political systems at work in our world today, from democratic to authoritarian. Prompting students to ask 'What constitutes good government and how it can be achieved?' It introduces the dynamic worlds of political science, politics, and government, examines theories and methods of comparison and international relations, and focuses on both domestic and global factors in promoting change. Features. Start by marking 'A Comparative Introduction to Political Science' as Want to Read: Want to Read savingâ€¦| Want to Read.Â Exploring both international and domestic factors in politics, it discusses recent controversies such as the strategic environment, disarmament, North-South Politics, human rights, environmental, economic, and health questions. Chapters are organized to help readers learn to appreciate the rigorous relationship between concepts and empirical analysis - pairing a more 'general' chapter is followed by an empirically oriented chapter concerning all democratic and authoritarian countries. For those beginning work in the fields of civics, politics, government and international affairs. .. Comparative politics is one of five sub-fields in political science, along with American politics, political theory, international relations and political economy. Comparative politics researchers use many techniques -- from statistics to anthropological field work -- that fall under the rubric of comparative method.Â For example, a comparative scholar may study the frequency of intrastate warfare among two, three or four states in Central Africa where natural resources like diamonds are looted.Â Doing Research in Political Science - An Introduction to Comparative Methods and Statistics; Paul Pennings, Hans Keman and Jan Kleinnijenhuis. Modern Comparative Politics - Approaches, Methods and Issues; Samirendran N. Ray.

contributions to political discourse in an effort to show students that political science is a field of inquiry with many practical uses.
Chapter 10 - Summary Understanding the Political World: a Comparative Introduction to Political Science. 2Pages: 3. 3 pages.
Comparative politics is a field in political science characterized either by the use of the comparative method or other empirical methods
to explore politics within (as opposed to between) countries. Substantively, this can include questions relating to political institutions,
political behavior, conflict, and the causes and consequences of economic development. When applied to specific fields of study,
comparative politics may be referred to by other names, such as comparative government (the
