The attack compelled the United States to enter World War II as a combatant, and to wage a costly, bloody struggle to defeat the Japanese empire. The events set in motion by the attack also led to the United States becoming a global superpower. The Japanese plan to attack Pearl Harbor was devised by Admiral Isoroku Yamamoto, a former student at Harvard University who had served as Japan's naval attaché in Washington. Yamamoto knew that the United States had far greater resources than Japan, and that his country could not win a protracted war. On November 26, 1941, the Japanese attack force, led by Vice Admiral Chuichi Nagumo, left Etorofu Island in the Kurils (located northeast of Japan) and began its 3,000-mile journey across the Pacific Ocean. Sneaking six aircraft carriers, nine destroyers, two battleships, two heavy cruisers, one light cruiser, and three submarines across the Pacific Ocean was not an easy task. On the morning of December 7, 1941, there were eight U.S. battleships at Pearl Harbor, seven of which were lined up at what was called Battleship Row, and one (the Pennsylvania) was in dry dock for repairs. (The Colorado, the only other battleship of the U.S.'s Pacific fleet, was not at Pearl Harbor that day.)

The Attack on Pearl Harbor was a surprise military strike by the Imperial Japanese Navy Air Service upon the United States (a neutral country at the time) against the naval base at Pearl Harbor in Honolulu, Territory of Hawaii, just before 08:00, on Sunday morning, December 7, 1941. The attack led to the United States' formal entry into World War II the next day. The Japanese military leadership referred to the attack as the Hawaii Operation and Operation AI, and as Operation Z during its planning. The 7 December 1941 Japanese raid on Pearl Harbor was one of the great defining moments in history. A single carefully-planned and well-executed stroke removed the United States Navy's battleship force as a possible threat to the Japanese Empire's southward expansion. America, unprepared and now considerably weakened, was abruptly brought into the Second World War as a full combatant.
