## Description:

"That's when I saw him—the cowboy—across the smoky room."

I'll never forget that night. It was like a romance novel, an old Broadway musical, and a John Wayne western rolled into one. Out for a quick drink with friends, I wasn't looking to meet anyone, let alone a tall, rugged cowboy who lived on a cattle ranch miles away from my cultured, corporate hometown. But before I knew it, I'd been struck with a lightning bolt . . . and I was completely powerless to stop it.

Read along as I recount the rip-roaring details of my unlikely romance with a chaps-wearing cowboy, from the early days of our courtship (complete with cows, horses, prairie fire, and passion) all the way through the first year of our marriage, which

would be filled with more challenge and strife—and manure—than I ever could have expected.

This isn't just my love story; it's a universal tale of passion, romance, and all-encompassing love that sweeps us off our feet.

It's the story of a cowboy. And Wranglers. And chaps.

And the girl who fell in love with them.

The Pioneer Woman book. Read 2,914 reviews from the world's largest community for readers. That's when I saw himâ€”the cowboyâ€”across the smoky room. I'll...Â Ree Drummond is a bestselling author and blogger â€” her blog, â€œThe Pioneer Womanâ€ (where she shares recipes, stories, and pictures of her family) is wildly popular.Â Black Heels & Tractor Wheels is the story of how she met, fell in love with, and married her husband the rancher, whom she calls â€œMarlboro Man,â€ even though he doesnâ€™t smoke â€” heâ€™s got that rugged, outdoorsy, cowboy look that women (and the covers of romance novels) find so irresistible. Itâ€™s a sweet story. The Pioneer Woman Collection. About The Pioneer Woman. Newsletter.Â Part of the fun of sharing the stories of my early days with Marlboro Man is that I can remember so vividly everything about that time. Here was the house where Marlboro Man lived while we were dating. We call it The Lodge. We moved into a different house together after we were married and have since used The Lodge as a guest house for visiting friends or relatives. This is the kitchen where I prepared Marlboro Man a feast of Linguine with Clam Sauce for the very first time.Â It was also the place Marlboro Man first uttered the words â€œI love youâ€ to me, not two weeks after our first date. He wasnâ€™t afraid. Fun Fact: See that house closer to the barns? This isn't just my love story; it's a universal tale of passion, romance, and all-encompassing love that sweeps us off our feet. It's the story of a cowboy. And Wranglers. And chaps. And the girl who fell in love with them. Part One. Chapter 1: Once Upon a Time in the Midwest. By women, of women, for women. This article is more than 9 years old. Share to Facebook.Â I do have a few things going on now, though. I'm working on a second cookbook and am working on my love story, Black Heels to Tractor Wheels. Drummond was candid in her interview, excited about her success but humble about how she got there. She mentioned that her love story was born on her blog and that building it out into a book was a daunting addition to her already full days. â€œI hate to play the I-live-in-the-country card, but it really takes all of the "pack the kids into the car and run from here to there" out of the equation. I'm home all day,â€ she said on her time-

The Pioneer Woman, Ree Drummond's chronicle of daily life on an Oklahoma cattle ranch, receives approximately 23.3 million page views per month and 4.4 million unique visitors. (This is roughly the same number of people who read the Daily Beast.) The Pioneer Woman is like an artifact from a more wholesome era: Ozzie and Harriet on a ranch. Even the graphics look vintage—flowers and filigreed letters in the muted colors of an antique map. One night, Drummond met up with friends at a local bar, where she encountered a “Marlboro Man-esque, rugged character,” his “dark blue Wranglers cloaking a body . . . chiseled out of granite,” as she writes in her new memoir, “The Pioneer Woman: Black Heels to Tractor Wheels” A Love Story. The Pioneer Woman is perfect reading for Valentine's Day, whether you're celebrating a lasting love or still looking for The One. Even the most cynical of readers will be charmed by Drummond's hilarious story of being won over by a cowboy. (BookPage). An affecting new memoir . . . charming and romantic. Verified Purchase. I have watched The Pioneer Woman for a few years now and I love that she is one of the most down to earth cooks. When I have tried her meals they are simply wonderful. So reading her book was the next step for me, I just wanted to learn more. I am not going to write a story about how I met and fell in love with Marlboro Man. How I wound up leaving city life behind for a romantic life with a rancher. How I struggled to adjust to life in the country. Thank you for reading along. I'll be posting the final chapter of Black Heels: The Wedding tomorrow. Promise. What happens after that, I haven't decided. Much more happens in the story after the wedding than ever happened before, and sharing it would require digging into a few more delicate areas than the pre-wedding story contained. Sparks fly. Turmoil ensues. Ree Drummond is a bestselling author and blogger—her blog, “The Pioneer Woman” (where she shares recipes, stories, and pictures of her family) is wildly popular. Black Heels & Tractor Wheels is the story of how she met, fell in love with, and married her husband the rancher, whom she calls “Marlboro Man,” even though he doesn't smoke—he's got that rugged, outdoorsy, cowboy look that women (and the covers of romance novels) find so irresistible. It's a sweet story. The Love Story Signed By Ree Drummond. This story is so beautifully written I can't help but read it over and over. I love the idea that it's signed by the author. I have my older paperback to read, this one I just have for looking at. I am a big fan of the Pioneer Woman: Ree Drummond. I bought all her cookbooks from The Food Network Store, since she had them signed. Those books were expensive since I had to buy 3 of each, one each for me, and one each for my two daughters.
