industry, "Britpop", often marks the onset of a decline. Central to this book is the thesis that the groups that defined "Britpop" ended up cutting the British indie rock tradition loose from its ideological and aesthetic moorings. Indie rock in Britain had, in the wake of punk and throughout the 1980s, taken an oppositional stance to the mainstream music industry and the government. The project of forging a sound for British rock that did not derive from recent North American music also included, as one of its primary criteria, the necessity for chart-based financial success. The Last Party: Britpop, Blair & the Demise of English Rock. by John Harris. Excellent condition - \$8. do NOT contact me with unsolicited services or offers. post id: 7168737962. posted: 2020-07-30 12:35. updated: 2020-08-01 12:51. How Britpop bred the Brit brat The Last Party: Britpop, Blair and the Demise of English Rock by John Harris 448pp, Fourth Estate, £15.99 (plus £2.25 p&p) 0870 1557222. 12:01AM BST 15 May 2003. The Last Party may, flaws aside, be the loveliest and certainly the most human - book about pop music I've read. Many of the flaws can be found in the preface and first chapter where John Harris, striving needlessly for gravitas, overuses words such as "mores" and "pivotal". This is the kind of inelegant language that makes most books about pop no fun to read at all. The depressing thing about Britpop was the inevitability with which its luminaries descended into cliché. Almost instantly, just about everyone involved became brattish, or a heroin addict, or both.

'THE LAST PARTY is that rare thing, a book principally about rock musicians that is a compulsive page-turner.' The Sunday Times.
'Compelling it reminds us what a corrosive and mean place the pop world can be.' With the whole Britpop ideal moving into more paranoid terms what with endless amount of hard drugs it seemed inevitable it would collapse. All the bands in heroin-stooped madness that all the creative juices just seem to curdle up and be spewed out like a really bad hangover. Everybody had moved on. If you were still playing Britpop by then you were sadly laughed at for jumping on the bandwagon while it had no wheels and was about to crash.

The Last Party: Britpop, Blair and the Demise of English Rock. By John Harris. London: Fourth Estate, 2003. 448 pp. ISBN 0-00-713472-X. Adam Behr (a1). (a1). University of Stirling. DOI: <https://doi.org/10.1017/S0261143004220116>. By the way, The Last Party and Britpop! are the same book so don't buy them both as I did. Read more. Helpful. What also should be noted is that there is a growing tapped interest by the Labour Party which started in 1994 and which they have to be seen with the coolest thing on the block. First Blur, then eventually it's Oasis which Noel Gallagher was invited to Number 10 to sip champagne and hobnob with the new prime minister.
