Schultz, April R., 1962 Ethnicity on Parade: Inventing the Norwegian American through Celebration by April R. Schultz (pp. 180-181). Review by: Kathleen Stokker. <https://www.jstor.org/stable/20188014>. She shows how Norwegian Americans used this ceremony to create a distinctive vision of their past and present - a social and cultural construction that both accommodated and resisted dominant Anglo-American conceptions of assimilation. By taking a close look at the experiences of a white, middle-class, Protestant ethnic community, this book challenges many assumptions about the "Americanization" of immigrant groups and offers new insight into the uses of historical memory.
