The world's #1 fixed income book, now with 21 all-new chapters. The Handbook of Fixed Income Securities occupies the top spot as the most authoritative, widely read reference in the global fixed income marketplace. First published in 1983, this comprehensive survey of current knowledge features contributions from leading academics and practitioners and has carved out a niche that cannot and will not be equaled by any other single sourcebook. Now, the thoroughly revised and updated seventh edition gives finance professionals the facts and formulas they need to compete in today's transformed market. The Definitive Guide to Fixed Income Securities • Revised and Updated for the New Era of Investing. For decades, The Handbook of Fixed Income Securities has been the most trusted resource in the world for fixed income investing. Since the publication of the last edition, however, the financial markets have experienced major upheavals, introducing dramatic new opportunities and risks. This completely revised and expanded eighth edition contains 31 new chapters that bring you up to date on the latest products, analytical tools, methodologies, and strategies for identifying and capitalizing on the ... Each chapter is written by an authority on the subject. The eighth edition of the Handbook is divided into ten parts. The basics of fixed income analytics—bond pricing, yield measures, spot rates, forward rates, total return, and price volatility measures (duration and convexity)—are described in Part 2. Part 3 covers bonds (domestic and foreign), money market instruments, and structured products (mortgages, mortgage-backed securities, and asset-backed securities). **C O N T E N T S** The first edition of The Handbook of Fixed Income Securities was published two decades ago. Over the years and seven editions of the book, I have benefited from the guidance of many participants in the various sectors of the bond market. I would like to extend my deep personal appreciation to the contributing authors in all editions of the book. Contents of Fixed Income Securities Handbook. Part one: background. Chapter 1. Overview of the Types and Features of Fixed Income Securities. Chapter 2. Risks Associated with Investing in Fixed Income Securities. Chapter 3. Bond Market Indexes. Chapter 4. Electronic Trading for Fixed Income Markets. Chapter 5. Macro-Economic Dynamics and the Corporate Bond Market. Chapter 6. Bond Pricing, Yield Measures, and Total Return. Chapter 7.
