Language Notes Text: English, German (translation) --This text refers to the edition.

About the Author LUDWIG VON MISES (1881-1973) earned his doctorate in law and economics from the University of Vienna in 1906. In 1926, Mises founded the Austrian Institute for Business Cycle Research. From 1909 to 1934, he was an economist for the Vienna Chamber of Commerce. Before the Anschluss, in 1934 Mises left for Geneva, where he was a professor at the Graduate Institute of International Studies until 1940, when he emigrated to New York City. From 1948 to 1969, he was a visiting professor at New York University. --This text refers to the edition.

Socialism is most famous for Mises's penetrating economic calculation argument. The book contains much more however. Socialism is a veritable encyclopedia of vital topics in the social sciences, all analyzed with Mises's unique combination of historical erudition and penetrating insight. Author: Ludwig von Mises. Ludwig von Mises was the acknowledged leader of the Austrian school of economic thought, a prodigious originator in economic theory, and a prolific author. Mises's writings and lectures encompassed economic theory, history, epistemology, government, and political philosophy. See more of Socialism: An Economic and Sociological Analysis on Facebook. Log In. Forgotten account? In short, Mises set out to refute socialism, and instead yanked out the collectivist mentality from its very roots. For that reason, Socialism led dozens of famous intellectuals, including a young F.A. Hayek, into a crisis of faith and a realist/libertarian political orientation. All the collectivist literature combined cannot equal the intellectual achievement of this one volume. The contents of this volume include: Foreword by F. A. Hayek. Introduction. Part I. Liberalism and Socialism. 1. Ownership. 2. Socialism. Socialism: An Economic and Sociological Analysis is a book by Austrian School economist and libertarian thinker Ludwig von Mises. It was first published in German by Gustav Fischer Verlag in Jena in 1922 under the title Die Gemeinwirtschaft: Untersuchungen über den Sozialismus. A second reworked German edition was published by Gustav Fischer Verlag in 1932. Introductory Mathematical Analysis for Business, Economics, and the Life and Social Sciences. 886 Pages·2010·20.8 MB·10,987 Downloads·New!) are located in the margins ne Introductory Mathematical Analysis for Business, Economics, and the Life Handbook of the Sociology of Education (Handbooks of Sociology and Social Research). An Encyclopedic Dictionary of MARXISM, SOCIALISM AND COMMUNISM: Economic, Philosophical, Political and Sociological Theories, Concepts, Institutions and Practices " Classical and Modern, East-West Relations Included. 665 Pages·1981·90.44 MB·3,223 Downloads·New! An Encyclopedic Dictionary of MARXISM, SOCIALISM AND COMMUNISM: Economic, Philosophical, Political An economic classic in our time." -Henry Hazlitt. More than thirty years ago F. A. Hayek said of Socialism: "It was a work on political economy in the tradition of the great moral philosophers, a Montesquieu or Adam Smith, containing both acute knowledge and profound wisdom...." It is the definitive refutation of nearly every type of socialism ever devised. Mises presents a wide-ranging analysis of society, comparing the results of socialist planning with those of free-market capitalism in all areas of life. Friedrich Hayek's foreword comments on the continuing relevance of this great work: "Most readers today will find that Socialism has more immediate application to contemporary events than it had when it first appeared. That von Mises analysis of Socialism came to fruition with the fall of Socialism in 1989 Soviet Union proves how cogent, accurate and profound this book is even today. This is a terrific book, which potentially can save the World from repeating mistakes made in the last century. The book is highly recommended." "As long as it is kept within certain limits, inflation is an excellent psychological support of an economic policy which lives on the consumption of capital. In the usual, and indeed the only possible, kind of capitalist book-keeping, inflation creates an illusion of profit where in reality there are only losses.

The Economics of a Socialist Community Section I. The Economics of an Isolated Socialist Community 5. The Nature of Economic Activity 6. The Organization of Production Under Socialism 7. The Distribution of Income 8. The Socialist Community Under Stationary Conditions 9. The Position of the Individual Under Socialism 10. Socialism Under Dynamic Conditions 11. The Impracticability of Socialism Section II. The Foreign Relations of a Socialist Community 12. National Socialism and World Socialism 13. The Problem of Migration. This masterwork is much more than a refutation of the economics of socialism (although on that front, nothing else compares). Ludwig von Mises, *Socialism: An Economic and Sociological Analysis*.
