(1990) The New Performance Challenge: Measuring, Operations for World-Class competition, Business One Irwin, Homewood, IL. The Anachronistic Factory. Article.Â Production management performance relies on data specified by engineers that are neither an economists nor production planners. Therefore, production planning and control becomes a complex task. This paper presents a method where engineers task is not to make decisions but rather to prepare a road map. The APICS Certified in Production and Inventory Management and Certified Supply Chain Professional exam committees reviewed the document for scope and to ensure it was consistent with the content of the certification programs. The OMBOK framework is an accessible and organized master document for APICS.Â 4 Â©2008 APICS The Association for Operations Management. challenges to Operations Management as corporations extend their supply chains beyond national borders and deal with suppliers and customers around the world. â€ Information Technology â€ Information technology is changing rapidly and is providing new and better ways to facilitate the planning and control of a corporationâ€™s activities. APICS has streamlined the Certified in Production and Inventory Management (CPIM) program to better serve the needs of the supply chain workforce - while maintaining the body of knowledge and integrity that has kept CPIM at the forefront of supply chain education. Whether you are looking for information to get ahead in your career or preparing to take an APICS CPIM exam, APICS offers a variety of ways to learn. To achieve the CPIM certification, you are now only required to pass two exams. CPIM Part 1â€”Basics of Supply Chain Management, and CPIM Part 2â€” Strategic Management of Resources, Master
