Modern Sculpture takes us through the thoughts and ideas that finished a stagnated era and gave birth to true creativity. It is written in a clear, very understandable way without losing its depth of insight. Beautifully presented and with a magnificent choice of sculptures. fantastic reading!!!! Read more. 8 people found this helpful. This book was written long time ago (1964) and it shows, rather than being a classic I found it has a somewhat patronising style and endless rambling on which doesn't really add anything, at the end of one paragraph it sums it all up when it says 'All this is part of the eclecticism characteristic of modern art in general, and needs. This clear, thorough, and reliable survey of American painting and sculpture from colonial times to the present day covers all the major artists and their works, outlines the social and cultural backgrounds of each period, and includes 409 illustrations integrated with the text. Although some determining factors in American art are considered, Matthew Baigell views the rich and diverse achievements of American art as the result of the efforts and talents of a pluralistic society rather than as fitting into a particular mold. This edition includes corrections and revisions to the text, an update Modern Sculpture book. Read 4 reviews from the world's largest community for readers. Sir Herbert Read traces the development of modern sculpture from Ro... Goodreads helps you keep track of books you want to read.
