Its unique four-step approach takes students from context to communication – blending content, reading, writing, listening, speaking and critical thinking in a complete program, and preparing students to understand and use English more effectively.

Centered on thematic instruction **Focus on Grammar** allows students to interact with grammar in realistic contexts and moves them beyond controlled practice to authentic communication.

 - Key **vocabulary** is taught, practiced, and recycled throughout each unit, to ensure acquisition.
 - Fully redesigned **grammar charts** and notes that provide greater clarity.
 - **Explicit pronunciation** activities to improve fluency and accuracy.
 - **Expanded listening tasks** allow students to develop a range of listening skills.
 - Flexible, ongoing **assessment** – including unit reviews, diagnostic and achievement tests, and test-generating software – allows students to monitor their own progress and teachers to track students' mastery. (Test and test-generating software available in the Teacher's Resource Pack)
