Those responsible for Bent's murder were New Mexican settlers and Indians from nearby Taos Pueblo who refused to recognize the United States occupation. With emotions rubbed raw, the natives continued their bloodbath until five more leading citizens were massacred in Taos. During the ensuing months, American civilians and soldiers, along with scores of New Mexicans and Taos Indians, were killed and wounded throughout the region. *Revolt at Taos: The New Mexican and Indian Insurrection of 1847*, by James A. Crutchfield, Westholme Publishing, Yardley, Pa., 2015, \$28. On Aug. 18, 1846, Brig. Gen. Kearny's Army of the West had pulled off a bloodless occupation of New Mexico soon celebrated in newspapers nationwide. To this day many people believe that in the summer of 1846 residents of New Mexico didn't resist because they saw the Americans as deliverers from the weak and untrustworthy Mexican government. Well, perhaps some inhabitants felt that way, but as reliable author James Crutchfield points out, others were seething with dissatisfaction over the abrupt arrival and takeover of their homeland by the uninvited Americans and began laying the groundwork for rebellion.
