through the ages! Love this so much! With so many New Age/Pagan/Wicca/Witchcraft books on the market these days it's hard to know
which one to buy/read. This book definitely stands out as being a general yet comprehensive overview (with an incredibly gorgeous
slideshow). If you want to go more in-depth than I suggest looking for a book specifically geared towards your area of interest (Astrology,
Tarot, Meditation, etc.).Â This is like a textbook of witchcraft 101! It covers a little bit of everything, from the history of witchcraft to
spells, and it does this using glossy paper and tons of full-color photos and works of art. Really useful and aesthetically pleasing! Read
