Description:

For prekindergarten children, language and play are the major tools for learning about the world, and they are also the most important tools for early literacy learning. The three- or four-year-old who takes a memo pad and marker around to family members "to take orders" for dinner, like all young children, makes no distinction between play and reading and writing. It all involves curiosity, learning, discovery, and excitement.

Watch an overview webinar!

In their latest professional book, **Gay Su Pinnell** and **Irene Fountas** show you how to

tap into young children's excitement to introduce them to the world of literacy in joyful, engaging ways. As with their *Continuum of Literacy Learning* for grades K-8, they provide detailed descriptions of language and literacy behaviors and understandings for teachers to notice, teach, and support, while offering practical strategies for the prekindergarten classroom. Full of resources like songs, rhymes, and finger plays, *Literacy Beginnings* also includes 35 ready-to-use lessons to introduce young children to reading and writing.

to Literacy for Prekindergarten. English Language Learners (and. Others, Too).Â sible, beginning but no end to the story, attempts sequencing, uses feelings, shows awareness of audience. Ncapable: writes a story, illustration may accompany writing, details are. present but not in depth, uses a beginning and attempts an end to the story, sequences, is expressive, attempts point of view. Nexperienced: topic is focused, uses supporting details, connects main ideasÂ prekindergarten classrooms. She continues her work as a consultant. to a variety of educational settings. This item:Literacy Beginnings: A Prekindergarten Handbook by Gay Su Pinnell Paperback \$60.27. Only 1 left in stock - order soon. Ships from and sold by BOOKS & BEYOND.Â Literacy Beginnings is not about math, science, open-ended art, or music and movement- it is about best practices in early literacy instruction for the 21st Century. If you have a problem with the plumbing in your house you call a plumber, you don't call a general handyman. The same goes for this book, if you are looking for the most current, research based information on early literacy instruction from a reliable and trusted source then this is the book for you. Read more. 47 people found this helpful. The book is intended for undergraduate and graduate students of the Higher School of Economics. Its main objective is developing academic skills, namely enriching studentsâ€™ academic vocabulary, which is an integral part of their professional education. Being able to use appropriate academic vocabulary in writing is essential for this kind of activity. Developing Academic Literacy correlates with the book Academic Vocabulary in Use by Michael McCarthy and Felicity Oâ€™Dell (Cambridge University Press, 2008) and can be used as a source of additional exercises to practice topics covered there. Out This is the beginning of a series of reading lessons and reading strategies for Kindergarten teachers to use when teaching their students to read. I remember my first days of teaching Kindergarten, vividly. Coming from a strong experience teaching PreKindergarten, I knew that I had an understanding about teaching phonics and letter sounds, but questioned in my mind, how I would teach Kindergarteners to actually pick up a book and read independently. I was fortunate to be in a strong reading and writing school that utilized the Lucy Calkins Reading and Writing Project, which I have expressed in

Buy a cheap copy of Literacy Beginnings: A Prekindergarten book by Gay Su Pinnell. For prekindergarten children, language and play are the major tools for learning about the world, and they are also the most important tools for early literacy. Free shipping over \$10. Book Overview. Now aligned to the Expanded Edition of The Fountas & Pinnell Literacy Continuum Play and language are critical learning tools for the prekindergarten child. Through play and language, they learn about their world and about themselves. Play and language are also the most important tools for early literacy learning. Think of the young child who takes a memo pad and marker around to family members, "taking orders" for dinner. Like all emergent readers Read Full Overview. lot through the text "Literacy Beginnings A Prekindergarten Handbook" by authors Gay Su Pinnell & Irene C. Fountas. As a future educator I would like to be open minded to different teaching techniques in the words within the book have the same beginning sound as the letters that were chosen to work with. Literacy Beginnings: A Prekindergarten Handbook. Lowest Prices. Rent. Availability: Ships 2-3 days Comments: Used books are considered in good condition even when they contain highlighting, margin notes or other markings. We cannot guarantee that additional materials originally included in a package will be included in your package. \$37.84. \$0.00. Literacy Beginnings defines and describes the best practices in early literacy for the 21st Century. It is 462 pages of fine print with tabbed dividers, 35 specific language and literacy lessons, and over 50 pages of blackline masters. I would describe it as a comprehensive early literacy manual. It does not cover other topics like math or science and the authors are not early childhood gurus, they are however, the gurus of early literacy so if you're looking for the most up to date early literacy information this is the book for you. Your classroom looks like the pictures in the book As a parent, I'm always curious to see what is going on in prekindergarten classes. It helps me in my search for a good fit for my son. Ps. Welcome to the Literacy Beginnings book study blog party! Today I am covering the introduction "Living and Learning in the Pre-Kindergarten Classroom" as well as the first chapter, "Growing Up Literate: PreKindergarten for the Future Generation". I hope you will join in the conversation by leaving a comment below or posting reflections on your own blog. Fountas and Pinnell have researched and published many books about literacy learning. In Literacy Beginnings they have applied their vast knowledge and expertise to the prekindergarten classroom; their recommendations are based on observations conducted in those classrooms. After reading the entire book on an airplane (oh yes I did!) the message of this book came through loud and clear: Children learn through play.
