comedies resemble other types of comedy in that they trace the rising fortune of a central character. However, in this case, the central  
character (like virtually everybody else in the play or story) is likely to be cynical, foolish, or morally corrupt. Examples: Aristophanes's  
The Birds, Ben Jonson's Volpone.Â In essence, tragedy is the mirror image or negative of comedy. For instead of depicting the rise in  
circumstances of a dejected or outcast underdog, tragedy shows us the downfall of a once prominent and powerful hero. Like comedy,  
tragedy also supposedly originated as part of a religious ritual--in this case a Dionysian ceremony with dancers dressed as goats or  
animals (hence tragoedia, literally a "goat-song) pantomiming the suffering or death-rebirth of a god or hero. Photo: Comedy Central.  
The first season of Comedy Central's Corporate was something of a minor miracle. Following the lives of two depressed, cynical  
junior executives (Matt Ingebretson and Jake Weisman, the show's co-creators) working at an openly evil multinational corporation,  
Corporate spent every week examining the bleak reality of 21st-century life through the byzantine, Kafkaesque lens of office politics.  
Ingebretson, Weisman, and director Pat Bishop skewered millennial culture by showcasing its hollow, meaningless core. Some of their  
diagnoses are obvious, if not inherently dispiriting But comedy is susceptible both of more exact definition and of wider penumbral  
meaning than is usually supposed. The task has been to show the two conceptions of comedy are not contradictory but rather mutually  
implicative; and this has required an historical as well as a logical approach. Another important problem should perhaps be mentioned.  
Novelty seems to be continually at odds with tradition, so that the claims of either appear to vitiate those of the other.Â The City as
