Adapted from the Field Guide to Leadership and Supervision. This guide is basic, yet comprehensive, in nature to be useful to new managers and supervisors. Note that many organizations struggle, not from lack of advanced information -- rather, they never really master the basics. This guide will help you master the basics. Each topic includes references to Web addresses that provide additional, advanced, free information. These Web addresses are spelled out in the text of the guide. Therefore, the reader might best benefit from this guide by printing it out for continued reference. Table of Co Instructional leadership is generally defined as the management of curriculum and instruction by a school principal. This term appeared as a result of research associated with the effective school movement of the 1980s, which revealed that the key to running successful schools lies in the principals' role. However, the concept of instructional leadership is recently stretched out to include more distributed models which emphasize distributed and shared empowerment among school staff, for example

Instructional supervision professional development and teacher evaluation. Standards for instructional Supervision will serve as a guide to the entire developmental process of supervision, the instructional leaders and the teacher who will get the support. The standards comprehensively cover both the culture and the process of supervision in the context of Philippine Education. The basic tools included are the following. Instructional Supervision Form 1 - Pre - Observation Information Instructional Supervision Form 2 - Post Observation Information Instructional Supervision Form 3A,B,C, Teacher Observation Guide Instructional Supervision Form 4 - STAR Observation Technique.
